Houma, LA 70360

(985) 868-4725

### PRESS RELEASE:

On April 20, 2021, the Southeastern Louisiana Home Builders Association Board of Directors unanimously voted to fully support the recommendations of the Terrebonne Parish Recreation Modernization Advisory Board to be sent to the Terrebonne Parish Council for its implementation. SLHBA believes that the recommendations to the Parish Council covered every aspect of what the parish needs to be unified within the districts as well as creating a better community for all the citizens of the parish.

Furthermore, SLHBA voted on April 20, 2021 to oppose the Recreation District #1's proposed bond presented to the Parish Council until such time for the Terrebonne Parish Recreation Modernization Advisory Board recommendations can be voted on by the people. SLHBA believes that the Advisory Board accomplished what was asked of them by ALL districts of the parish and was represented by ALL said districts. District #1 deciding at this opportune moment to submit an application to bond from these recommendations would obstruct the progress of what the citizens of Terrebonne Parish have requested, to better our community and drive more people to live and grow in.

On behalf of SLHBA, I would like to personally thank the members of the Terrebonne Parish Recreation Modernization Advisory Board for their commitment to our Parish. The countless hours the committee has spent to present the community with such a detailed report and recommendations does not go unnoticed. Thank you for providing a vision of what can be accomplished when everyone works together for one cause.

Sincerely,

Paul Ledet  
SLHBA President
